Medication for Non-Prescribed medication (over-the-counter) will not be administered for the sole purpose of reducing a child's fever and/or cough unless the doctor has indicated in writing the medication is to treat a chronic illness, such as controlling the onset of seizures, asthma, allergies, etc.

Should your child require over-the-counter medication it must be accompanied by a doctor's note detailing the reason for the medication, specific written instructions on how to administer the medication and an open and close date as to when the medication should be administered.

A chronic illness is when a child requires medication on a regular basis (i.e. Diabetes, etc.). If your child has a life-threatening allergy requiring medication to be kept on site at all times, parents are required to complete an **Anaphylaxis Alert Consent** form (available at all YMCA locations).

If your child's physician has indicated your child should carry his/her own EpiPen, the YMCA staff requires a doctor's note for consent as per the Child Care and Early Years Act. In addition to the above procedure, the YMCA staffs follow the regulations and guidelines set out by the Porcupine Health Unit and the Child Care and Early Years Act.

***All medication must be brought to the main office to ensure it is locked up and out of the reach of the children.**
